conducting an interview in connection with this matter should be thoroughly familiar with all the newspaper articles relating to it, a copy of each of which is available for review in SA GEMBERLING's office, as well as the various airtels relating to this matter.

At this time, the publication of the following described documents is involved in this investigation:

FBI Inventory Item No. 116, the diary of LEE HARVEY OSWALD;

FBI Inventory Item No. 406, a letter from the Communist Party, USA, signed ARNOLD JOHNSON, dated 7/31/63, addressed to L. H. OSWALD, P. O. Box 30061, New Orleans, Louisiana;

FBI Inventory Item No. 425, Undesirable Discharge from the U. S. Marine Corps, dated 9/13/60, for LEE HARVEY OSWALD;

FBI Inventory Item No. 444, World Health Organization, International Certificate of Vaccination, for LEE OSWALD, date stamped 6/8/63, and bearing signature of Doctor A. J. HIDEEL.

All four of the above-described documents were obtained in a search by the Dallas Police Department at 1026 North Beckley Street, Dallas, Texas, on 11/22 - 23/63, with the exception of Item No. 116 (the diary), which was obtained in a search on the same dates by the Dallas Police Department at the residence of Mrs. RUTH PAINE, 2515 West 5th Street, Irving, Texas.

A review is presently being conducted to determine the specific dates on which the actual documents or photographs of same were made available to various agencies.

Certain information available concerning background of AYNESWORTH should be kept in mind, but care must be taken not to divulge any source who has requested his name be kept confidential.

Determine from AYNESWORTH the identity of any other reporters that might be involved, keeping in mind that LARRY GROVE, a reporter for "The Dallas Morning News," is a close associate of AYNESWORTH and reportedly, on 6/17/64, told a CBS crew about OSWALD's diary and indicated he could obtain same if such crew was interested, but that it would have to be back at its place within a day or so. The source of this information must remain confidential and no specific

ALEXANDER, was the individual who originally picked up the diary and reproduced six copies of it, one copy of which was given to CARL FREUND. This anonymous caller indicated that \$15,000 changed hands and that Assistant District Attorney ALEXANDER had the remaining four copies. (See teletype to Bureau, 7/1/64)
6. FORREST V. SORRELS, U. S. Secret Service, Dallas -- Obtain all information he has concerning the publication of instant matter, covering the general questions outlined above and obtain as much information as possible concerning the dates U. 8. District Attorney HENRY WADE;
Assistant District Attorney A. D. "JIM" BOWIE;
Assistant District Attorney WILLIAM F. ALEXANDER;
"SNOOKY" DAVIS, Investigator for District Attorney's Office.

The general questions above should be covered with each of these individuals and each specifically interrogated as to when, what and from whom they obtained any documents, and the complete details in connection therewith. The possibility that "SNOOKY" DAVIS should be interviewed first should be considered. It should be borne in mind that, at the time of the publication of the diary, Mr. WADE was on vacation, and that immediately upon Mr. WADE's return publicity has indicated that Mr. ALEXANDER is on vacation. The newspaper articles have reflected that Mr. WADE did have the diary and that the Recordak Company in Dallas made copies of certain documents for the District Attorney's Office.
